Management Team

East Sydney Doctors

Our experienced Management Team oversees the day-to-day operations of the business, each focusing on their specific areas of responsibility. They are supported by a dedicated team of receptionists, who are here to assist with any needs related to your visits to the doctors consulting from our practice.

To get in touch with a member of our Management Team, please email reception@eastsydneydoctors.com.au or call the practice at (02) 9332 2531

Heather Farlow

CEO/Director

Heather is a highly experienced healthcare executive with 20+ years of experience in practice management, operations, and organisational leadership. As CEO/Director, she oversees the strategic direction, growth, and day-to-day operations of the organisation, with a focus on innovation, quality patient care, workforce development, and research.

Recognised for her leadership and contributions to the sector, Heather has driven the growth of multiple healthcare services and received several industry awards. She is a passionate advocate for education, actively hosting and supporting the RACGP Registrar Training Program and facilitating medical student placements in partnership with several Sydney-based universities. She also established a scholarship program with NAS, with student artwork displayed throughout East Sydney Doctors.

As Director of Clinical Trials at East Sydney Doctors and Taylor Square Private Clinic, Heather leads the clinical trials teams to advance research and innovation in patient care. She has volunteered on numerous professional boards and committees, including over 10 years as an AAPM committee member, and serves as an accredited surveyor for QPA Accreditation.

Val Carrasco

Practice Manager

Val has been with us for over 17 years, beginning in the role of receptionist, and more recently stepping into the role of Practice Manager for all 3 of our sites. Val is well versed on the requirements of what is needed to run a successful practice and is very dedicated to her team.
